Invitations to submit Application for Spaceflight Mission Patch Contest Opens

February 28

Intent to Fly Form Deadline

<u>March 12 Revised</u> <u>Intent to Fly Form Deadline</u>

May 7

Experiment Selection
Notification

April 19 - Deadline Application for Spaceflight

<u>April 30 Revised</u>
<u>Application for Spaceflight Deadline</u>

May 14 - SR-7 Mission Patch Contest Winner Announced

May 7 - Deadline SR-7 Mission Patch Contest Submissions

The RB-6 Mission Patch Design winner was announced before the cancellation of that mission. SR-7 mission was cancelled prior to the announcement; therefore, no winner was selected.

June 7 - Deadline to Receive SR-7 Experiments

Because of the Covid-19 pandemic, NASA cancelled 2020 launches. We will fly the experiments that were selected in 2020. And there are still plenty of spaces remaining for experiments for the 2021 missions!

July 12 - Deadline to Receive RB-6 Experiments
